## Gatherings and Celebrations

Quark's decorated for Worf and Jadzia's wedding "We are not getting married in this bar!" - Worf, overruled, 2374 (DS9: "You Are Cordially Invited") Quark's hosted a number of gatherings over the years. In 2369 the bar was temporarily closed while it played host to an extradition hearing for Jadzia Dax, after the Dax symbiont was accused of murder; Quark was coerced into surrendering the bar by Odo, who threatened to enforce Bajoran regulations that would have meant moving a wall by five meters, closing the holosuites and moving the counter unless Quark complied. (DS9: "Dax")

Several auctions were held in Quark's over the years (DS9: "Q-Less", "In the Cards"), and Nog sold his boyhood treasures in the bar prior to his departure for Starfleet Academy in 2372. (DS9: "Little Green Men") Worf's bachelor party (four days of sacrifice, pain and anguish on the path to Kal'Hyah) was staged in the holosuites in 2374, followed by the wedding ceremony of Worf and Jadzia in the bar below. (DS9: "You Are Cordially Invited") Impromptu baseball team the Niners celebrated in Quark's following their match against the Logicians in 2375 (DS9: "Take Me Out to the Holosuite"), and later that year the "End of the war/Farewell" party was held in Vic's lounge in one of the holosuites. (DS9: "What You Leave Behind")
